RI RPAC - Shaping Our Future

One fact is clear: No one knows more about real estate than REALTORS®. You can help ensure that our collective REALTOR® knowledge informs legislative and regulatory policy by creating a political climate at all levels of government in which private property rights are protected and REALTORS® and appraisers can prosper.

Housing is a key economic driver. Please make an investment in your profession and the people you serve.

Our Mission

1. To promote the economic growth of RI and the public interest of Rhode Islanders.
2. To encourage and assist REALTORS® and others; to understand the nature, organization, and actions of the government and political parties; to understand important political issues; and to evaluate and understand the philosophies and records of office holders and candidates for elective office.
3. To promote and strive for the improvement of government by encouraging, motivating, and educating REALTORS® and others; to take an active and effective part in governmental affairs in their chosen political party; and, in carrying out their civic responsibilities, to actively support such goals and efforts
4. To support the election of representatives in government who believe in the free enterprise system and private property rights.
5. To support or engage in activities necessary or desirable in the attainment of the purposes stated above or other purposes adopted by the committee and deemed worthy of such action.
